Quattro's Parloursoft Interlocking Tiles are a great way to make milking time more pleasurable.

Manufactured from a compressed EVA Foam to give a safe, comfortable and warm surface to walk and stand on.

Tiles interlock together very tightly and need only be removed infrequently for cleaning underneath.

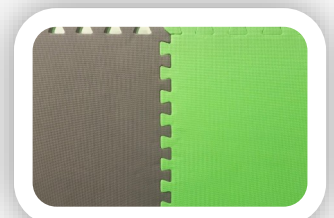

Very easy to keep clean and are reversible for an extended life. Can be self fitted very easily.

Resistant to most chemicals used in a milking parlour plus milk and will withstand continual wear.
