

Quattrosoft Eva Wall Matting

The Rubber & Resin Specialists

Our Eva Stable Wall Mats have a cushioned foam construction that gives good impact resistance with a washable surface that when fixed to walls gives extra protection and anti cast for horses in stables, veterinary areas and saddling boxes.

The Eva mats have a Checkerplate pattern on the front side and square pattern on the reverse side.

The Eva Wall Mats are fixed to the walls using 20 N° Fixings with Black Nylon Washers.

The mats are normally fitted to 1.2m high but can also be fitted to 1.8m or 2.4m high.

Timber Capping in Hardwood (Sapele) or Oak is available for protection of the top edge of the matting.

- **SIZE:** 1.83m x 1.22m (6ftx4ft)
