Style Information and Data

The ultimate high quality, tough, durable and lightweight rubber horse box and transporter ramp mat. Tough, roughened rope effect rubber surface for excellent non-slip qualities and reinforced with 1 or 2 ply [orange] heavy duty EP fabric - one layer on reverse of material.

Ramp Matting is stocked in two grades and various roll sizes as listed which are made to the following general [rubber] specifications:-

Polymer Type:	SBR/NR
Hardness:	66/75°
Density - SG:	1.5
Tensile Strength:	8.0MPa
Elongation at break:	300%
Abrasion Resistance:	200 mm ³
Temperature Resistance:	-20/+70°C

This grade can be produced in varying length and thickness formats to special order. These would be subject to minimum batch run quantities, usually 300 M2 per size.

Other details upon request.
