## Interlocking Sports Tile

The Rubber & Resin Specialists

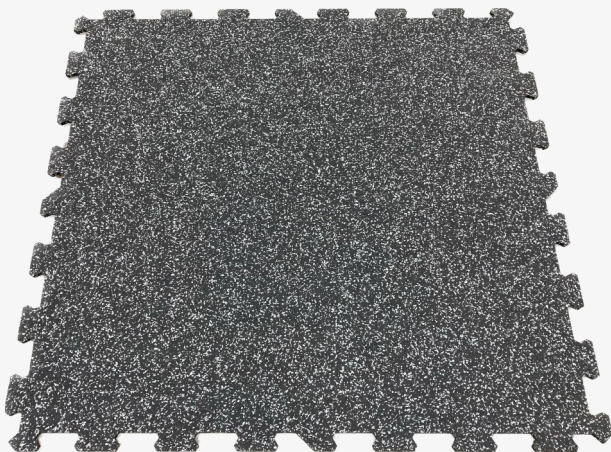

The 10mm Interlocking Sports Tile can be used in Gyms, Ice Arenas and Indoor Play Areas plus many other areas.

They also make an excellent surface for Equestrian Stable Barn Walkways and Tack Rooms.

The tiles give a heavy duty, cushioned, anti slip but easy to clean surface that has a great aesthetic appearance.

The Sports Tiles can be fitted loose or bonded down using our Superflex Membrane resin adhesive.

Manufactured from recycled SBR Rubber & Coloured EPDM Rubber.
