THE RUBBER & RESIN SPECIALIST

Sportsroll - Equine Rubber Roll

Equine Sportsroll is our most popular rubber surface for Stable Barn Passageways & Veterinary Hospitals.

This rubber is very durable and has excellent grip for areas where horses walk but is also easier to keep clean and sweep than rubber mats or concrete due to the surface being flat.

The surface can also be sealed to make it even easier to keep clean but this does reduce grip. Due to the addition of 20% coloured rubber to the black roll it also gives a very aesthetically pleasing finish.

Equine Sportsroll is bonded to the subbase using our Superflex Membrane resin. PVC edging strips are available for doorways and up to drains.

Quattro Products Limited, Milestone House Industrial Estate, Penrith, Cumbria CA11 9NQ
