

QUATTRO®

THE RUBBER & RESIN SPECIALIST

Wash Bay Mats

Diamond mats are Quattro's ultimate heavy-duty mat it has been commissioned and manufactured to a far higher standard than any other type of equine rubber mat.

They have been designed for very high wear areas that require a lot of strength to provide a long lifespan. With the Diamond surface profile they are also designed to be anti-slip in wet areas.

Diamond mats can be bonded into place and fully sealed.

Available in 18mm & 22mm Thick

Size: 1.8m x 1.2m

Profile: Diamond Pattern

Strength: 5MPA

QUATTRO®

THE RUBBER & RESIN SPECIALIST

Wash Bay Mats

These mats have been designed where extra strength and anti-skid qualities are required. In wash boxes it is not just the horse that required the extra grip in wet conditions but the groom to.

Some horses stand quiet but some bounce around so that extra grip quality is a definite requirement. Some horses stand and paw at the ground when being washed so the rubber mat must be durable to withstand this all in a localised area.

Our Diamond mats are made to a superior higher density moulded rubber. They are ideal in veterinary stocks and have been used in large animal enclosure in zoo's. other uses include solarium floors, entrances to equine pools and horsewalkers.
